**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

Statement of Annemarie L. Maher

Sir:

I, Annemarie L. Maher, declare and say as follows:

I reside at 521 Jefferson Boulevard in Fishkill, New York 12524, USA, and I am the legal assistant to Alfred A. Fressola, Registration No. 27,550, an attorney in the law firm of Ware, Fressola, Van Der Sluys & Adolphson, Bradford Green, Building Five, 755 Main Street, Monroe, CT 06468, USA, which attorney was responsible for filing the above-captioned patent application with the United States Patent and Trademark Office. On October 02, 2003, I mailed the above-captioned patent application via Express Mail, Post Office to Addressee, Express Mail Label No. EV 252883593 US, addressed to the United States Patent and Trademark Office by depositing same at the Botsford, Connecticut branch of the United States Postal Service (see attached documents). I became aware that there was an incorrect filing date accorded to the above-captioned patent application on June 04, 2004 when I received an e-mail from our associate in Europe questioning the correct filing date of this application. They noticed there was a filing date of October 02,

Application Serial No. 10/678,591
Attorney Docket No. 915-005.071

2003 in a reporting letter sent to them from our office, but the USPTO Filing Receipt showed a filing date of October 03, 2003. After reviewing the file, I noticed the error first appeared on the return postcard sticker (copy attached) sent by the USPTO to our office.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
